

STORMONT YACHT CLUB

LONG SAULT, ONTARIO

Address correspondence to:
Stormont Yacht Club
Box 1321, Cornwall, Ontario. K6H 5V4

Please note that we had hoped that commencing in 2016, we would be adopting a perpetual reciprocal process, as discussed and practiced by many of the clubs on Lake Ontario and the St. Lawrence River. Unfortunately there was no consensus achieved by the group as a whole. So we will continue to send out reciprocal invitations and also to honor any request made from a member of a recognized club. Please see Policy 6: Visiting Yachts for details.

Flag Officers and Club Members,

On behalf of the Directors and Members of The Stormont Yacht Club, it is my pleasure to extend to you an invitation to visit our club and make use of our facilities during the 2020 sailing season.

The Stormont Yacht Club is located within sight of green buoy SX7, Chart 1414, adjacent to the village of Long Sault. Coordinates immediately off our front dock are 45° 01.60'N and 074° 52.97'W.

Chart 1414 indicates three feet water in front of the club. This is incorrect. While the average depth in the bay is 15 - 20 feet, the average depth from seaward, including 50 feet on either side of our finger dock is 6 feet. "Straight-in" approaches to either of our berthing bays have a 5-6 foot depth while inside the berths are 10 feet deep.

Our clubhouse offers our guests showers, full kitchen facilities, barbecues, ice, a screened-in porch, green lawns and shade trees under which to relax and watch the world sail by.

Vessels of no more than thirty-seven (37) feet in length, no more than twelve (12) foot in beam and with no more than five (5) foot draught are welcome at the visitor's dock located in the east bay and may stay there or may use empty berths in either of the two bays. A list of empty berths is located on a whiteboard in the clubhouse. Guests may elect to moor off-shore on available moorings.

Our rate for reciprocating clubs is free for the first two (2) nights, thereafter \$20.00 for each subsequent night up to a maximum of four (4) nights. Pump out and mast crane use is complimentary.

We want you to feel welcome at The Stormont Yacht Club, so do not hesitate to join in our activities. During the week a custodian is usually on the grounds. On weekends, a Duty Officer is generally present between noon and sunset. If no one is around when you arrive, make yourself "at home".

We hope you and your members will visit with us this season.

Robert Dumond
Reciprocal Coordinator
